Once you have logged in on Cadence Online Support, <http://support.cadence.com> go to the **Software Updates** tab, select **Download Software**.

The screenshot shows the Cadence Online Support interface. At the top, the user is logged in as 'Tom Hassink'. The navigation bar includes links for Troubleshooting, Cases, Product Pages, Resources, Design Tasks, **Software Updates** (highlighted), and My Support. A dropdown menu for 'Software Updates' is open, with 'Download Software' selected and highlighted in yellow. Below the navigation bar, there is a 'Support Home' section with a search bar and a 'Browse' section listing various resources like Application Notes, Product Manuals, and SKILL Information. On the right, there are sections for 'Cadence Support News' and 'My Favorite Links'.

You will enter the Cadence Download section.

The screenshot shows the Cadence Downloads page. The header is red with the Cadence logo and the word 'Downloads'. Below the header is a navigation bar with links for DOWNLOADS, LATEST RELEASES, FAQs, HELP, CONTACT US, and LOGOUT. The main heading is 'DOWNLOADS: Cadence Releases Available for Installation'. Below this is a paragraph explaining how to get information about, download, install, and configure Cadence releases. There are five numbered steps: 1. Check your preferences, 2. Get release information, 3. Install InstallScape, 4. Download, install, and configure products, and 5. Sign up for email. At the bottom, there is a table with columns for different operating systems: HPPARISC, IBMRISC, LINUX, SOLARIS, WINDOWS, SOL_x86_64, and OTHER. The 'WINDOWS' column is highlighted in yellow. The table lists various software releases and their corresponding download links.

HPPARISC	IBMRISC	LINUX	SOLARIS	WINDOWS	SOL_x86_64	OTHER
ADW165	ASI1662	CICE61	ORCADTDO1661	SPB165		
ADW166	ASI1663	Lic+Config Utils	PAS31	SPB166		
ASI166	ASI1664	ORCADODE1661	SIG111			
ASI1661	CADENCEHELP	ORCADOLB1661	SIG1206			

Please select the WINDOWS tab and select SPB166. You will enter the SPB release 16.6 section which included the latest hotfix release as well.
